

In the Country Park

By Charlie Fon Yat Wai 5D

29th September, 2021

Cloudy

I went to a country park with Sam today. We had a picnic and we ate some sandwiches and some bananas. We felt fantastic. .

After that, Sam saw a tall apple tree. The apples looked big and yummy. Sam said, 'Let's climb the tree to get some apples to eat.' I said, 'OK!' So we climbed the tree to get the apples.

Suddenly, we saw a big beehive there. There were a lot of yellow and black bees.

I said, 'Oh no! Let's run away!' However, the bees chased us and stung us. At last, we hid in the grass so the bees flew away. I learnt that we shouldn't disturb the nature.

In the Country Park

25th October

Cloudy

I went to a country park with Sam today. Sam and I had a picnic. We ate some sandwiches and fruit. We felt very happy. .

After that, I saw a tall apple tree. The apples are big and yummy. I climbed up the tree because Sam wanted to get some apples.

After we climbed up the tree, we saw a big beehive. We were frightened. The bees flew around the beehive. So, we climbed down the tree and rushed away to find the park keeper. The park keeper said, 'Do not climb the tree again or the bees will sting you.' After he said that, we have learned a lesson. We shouldn't climb trees again.
